1964 meeting, 618
American Dental Association, 795, 873
annual meeting, 395, 635, 715, 795, 873
Board recommends national agency for dental service corporations, 873
Council on Dental Education approves dental internship programs, 316
has new assistant secretary, 636
increased number of students taking dental aptitude test, 637
reaffirms dental school accreditations, 316
Council on Dental Health, 556
issues dental prepayment newsletter, 557
dental research information center, 715
Journal reaches half-century mark, 77
Junior Dental Scientist Awards program, 636
new office building, 77, 716
officer criticizes National Association of Dental Laboratories, 874
official elected president of school health group, 936
S. S. Hope, 935
workshop on dental hygiene education and licensure, 936

January, pp. 1-80; February, pp. 81-160; March, pp. 161-240; April, pp. 241-320; May, pp. 321-400; June, pp. 401-480; July, pp. 481-560; August, pp. 561-640; September, pp. 641-720; October, pp. 721-800; November, pp. 801-880; December, pp. 881-958.

American Institute of Oral Biology, 396, 477, 638
AMERICAN JOURNAL OF ORTHODONTICS, half-century road mark, 624 (Editorial)
American School Health Association, Perry J. Sandell elected president, 936
Analyses, diagnostic, reflections on extraction cases via, 630 (Abst.)
(Downs, Northwestern, Sassouni); relation of sample of fifty boys with normal occlusion to given standards, 630 (Abst.)
roentgenographic cephalometric appraisal of girls at menarche, 629 (Abst.)
functional and growth; vertical growth of human face, 359
Anchorage, effects of cuspid retraction, cephalometric evaluation, 146 (Abst.)
stability, change in position of mandibular first molar as index of, 781 (Abst.)
Anesthesia, mouth protectors guard teeth during, 876
Anthropological study, special, 631 (Abst.)
Appliance(s), Crozat removable, 265
edgewise, 310 (B. rev.)
labiolingual and removable, expansion with, 786 (Abst.)
light-wire, technique and treatment, 467 (B. rev.)
need for adhesive for cementing to teeth, 203
orthodontic, used during past 50 years; years of change, 521
precision; value of precision technique, 113
therapy, physical variation, prediction and, 548 (Editorial)
Arch, light round-wire, in edgewise Class II treatment, 99
measurements, correlations between palatal vault height and various, 631 (Abst.)
predetermination, Hawley's method; accepted fallacies, 552 (Abst.)
Arrowhead clasp, modified, for partially erupted teeth, 51
Atkinson, Spencer R., disposes of Library of Applied Anatomy, 140 (Editorial), 156, 939
honored by University of Pacific, 558, 718
Audio-Visual Library, American Association of Orthodontists, 710, 792, 926
Australian Society of Orthodontists, 876

B

Baker, Charles R., Reference Library, 777
Balance, facial and muscle, in orthodontics, 209 (Editorial)
skeletal, 189
Begg, P. R., philosophy and fundamental principles, 15
technique; value of precision technique, 114
Bimaxillary protrusions; extraction debate of 1911, 660, 751, 843, 900
Bite and profile, relationship of facial type to, 787 (Abst.)
opening, bite pressure, and malocclusion, effect on electrical response of masseter muscles, 435, 784 (Abst.)
Bone(s), cranial, balance, 189
of mandible and chin; keystone triad, 245, 728
Bone-growing; extraction debate of 1911, 688, 908
Borderline case, 641
problem, treatment, 161
Bracket, edgewise, Broussard auxiliary, clinical applications, 881
Breast feeding or bottle feeding, behavioral correlates under varying parent-patient relationships, 465 (Abst.)
Broussard auxiliary edgewise bracket, clinical applications, 881
Bull technique; full light-arch technique utilizing Bull's principles of extraction treatment with emphasis on twenty-eight teeth, 81

C

Camera filters for color photography; new publication announced, 940
Canadian Dental Association, Orthodontic Section, presentation of George W. Grieve memorial certificate, 57
Canadian Society of Orthodontists, 635
Carman, J. Lyndon, honored by Denver Summer Meeting, 940
Case-Dewey-Cryer extraction debate, 656, 751, 843, 900; 862 (Editorial)
Castings, multiple-unit, precision, in orthodontic treatment, 573
Casto, Frank M., 452 (Orthodontic Profile)
Cement, adhesive needed, 203
zinc phosphate, effect on enamel solubility, 786 (Abst.)
Cephalometrics, application to cinefluorography, 922 (Abst.)
dynamic—approach to successful orthodontic therapy, 307 (Editorial)
roentgenographic, limitations, 169
years of change, 522
Cephalometry and roentgenographic cephalometry, correlation between, 627 (Abst.)
Chaining of impacted maxillary cuspids, 769
Chicago Association of Orthodontists, 875
Children, dental development in, following maternal rubella, 462 (Abst.)
facial and statural growth, 469 (Abst.)
skeleton in, 468 (Abst.)
Children's Bureau releases child health survey findings, 157
Children's Dental Health Week, 78, 930, 935
Children's Hospital of Philadelphia, 798, 877
Chin as part of keystone triad, 244, 728
growth, effects on facial profile, 405, 421
postnatal growth of human mandible, 44

Clasp, modified arrowhead, for partially erupted teeth, 51
Cleft lip and palate clinical research center to be established by National Institute of Dental Health, 797
palate children, nasopharyngeal and cranial base growth in, roentgenographic cephalometric study, 628 (Abst.)
symposium held in Zürich, 238, 398
Coil spring, distribution of force in cuspid retraction utilizing, 924 (Abst.)
Collagen formation during tooth movement in hamster periodontium, 779 (Abst.)
College of Physicians and Surgeons (*See* University of Pacific)
Columbia University Orthodontic Alumni Society honors Leuman M. Waugh, 692
Conly, A. B., receives Martin Dewey Memorial Award, 933
Copal resin varnish, 876
Coronoid process; postnatal growth of human mandible, 32
Costen's syndrome in differential diagnosis of facial pains, 551 (Abst.)
Council on Orthodontic Education; A. A. O. brochure, 475, 593
objectives, 610
Cranial analysis, functional, vertical growth of human face, 359
base and nasopharyngeal growth in cleft palate children, roentgenographic cephalometric study, 628 (Abst.)
Craniofacial skeleton of white and Negro infants of 1 month; special anthropological study, 631 (Abst.)
Cranium, midsagittal plane of, method of determining, 788 (Abst.)
Crozat removable appliance, 265
Cuspids (*See* Teeth)

D

Deaths (*See also* In memoriam)
E. Allen Bishop, 318
Val H. Frederich, 637
Jacob A. Gorman, 478
Hays N. Nance, 399
Jacob Stolzenberg, 79
Deep-bite and open-bite; analysis of dentofacial vertical proportions, 802
Deglutition (*See* Swallowing)
Dental aptitude test taken by increased number of students, 637
arches, dimensional changes, 824
hygiene education and licensure, workshop on, 936
internship programs approved by A. D. A. Council on Dental Education, 316
prepayment plans (*See* Insurance)
research information center, 715
school accreditations reaffirmed, 316
service corporations, A. D. A. Board recommends national agency for, 873
Dentistry of future, 939
Dentofacial vertical proportions, 801
Denture-wearing musicians, new device for, 398
Denver Summer Meeting for Advancement of Orthodontic Practice and Research, Inc., 397, 478, 558
honors Drs. Humphrey and Carman, 940
Dewey, Martin, Memorial Award, 933
Diagnosis and treatment, orthodontics in search of common denominator for, 125
differential, of facial pains, 550 (Abst.)
orthodontic, 490
reflections on extraction cases via diagnostic analyses, 630 (Abst.)
Dillon, Stenson, honored by Pacific Coast Society of Orthodontists, 312
Dimensional changes of dental arches, 824
Disability income insurance program, 73
Distinguished Service Scroll, American Association of Orthodontists, awarded to Lourie J. Porter, 698, 857
Dutch Association of Orthodontists, 876
Dysplasia, oculodentodigital, 470 (Abst.)

E

Edgewise appliance, technique and treatment with, 310 (B. rev.)
value of precision technique, 115
bracket, Broussard auxiliary, clinical applications, 881
technique, modified; method of using light round-wire arch in edgewise Class II treatment, 99
Education; A. D. A. Council on Dental Education approves dental internship programs, 316
reaffirms dental school accreditations, 316
continuing, workshop on, 155
orthodontic; A. A. O. adopts new resolutions regarding continuation courses and seminars, 708
conference on, 314
forty years of graduate orthodontics at University of Michigan, 377
increasing opportunities for graduate and post graduate, 293
specialism in modern world, 567
walls, 456 (Editorial)
years of change, 524
Section 23 of Principles of Ethics, 305
Educational requirements in orthodontics; A. A. O. brochure, 596
Elastics in light-wire technique; Begg philosophy and fundamental principles, 19
Electrical response of masseter muscles, effect of bite opening, bite pressure, and malocclusion on, 435, 784 (Abst.)
Electromyographic activity, occlusal tooth contact patterns in relation to, during function, 701 (Abst.)
Embryology, human; stages of human development before birth, 464 (Abst.)

Enamel solubility, effect of zinc phosphate cement, 786 (Abst.)
Eruption of impacted maxillary cuspids following orthodontic chaining, 773
Esthetics, facial, changing concepts; soft-tissue covering of skeletal face as related to orthodontic problems, 405
proportional profile changes concurrent with orthodontic therapy, 421
European Orthodontic Society, 478, 716, 876
Expansion with labiolingual and removable appliances, 786 (Abst.)
Extraction and nonextraction treatment, correlation of linear horizontal and vertical changes in bony and soft tissue profile in Class II, Division 1 cases coincident with, 146 (Abst.)
borderline case, 641
cases, reflections via diagnostic analyses, 630 (Abst.)
debate of 1911 by Case, Dewey, and Cryer, 656, 660, 751, 843, 900; 862 (Editorial)
in orthodontics; Begg philosophy and fundamental principles, 17
fact and fiction, 217 (Abst.)
years of change, 522
serial, 327
treatment, full light-arch technique utilizing Bull's principles of, with emphasis on twenty-eight teeth, 81
of borderline problem, 161
Extraoral traction; objectives of mixed dentition treatment in orthodontics, 513

F

Face alterations; proportional profile changes concurrent with orthodontic therapy, 421
balance and muscle balance in orthodontics, 209 (Editorial)
dentofacial vertical proportions, 801
growth (*See* Growth)
height, lower, disproportionate, cephalometric findings in patients with, 629 (Abst.)
total, lower molar height, lower incisor height, and lower face height as related to, in normal occlusion, malocclusion, and orthodontically treated occlusion, 924 (Abst.)
pains, differential diagnosis, 550 (Abst.)
skeletal, soft-tissue covering as related to orthodontic problems, 405
skeleton in children from 7 to 11 years of age, 468 (Abst.)
type, incidence in 8-year-old Canadian children and relationship to profile and bite, 787 (Abst.)
Fauchard Gold Medal awarded to Oren A. Oliver, 318
Fédération Dentaire Internationale, 395, 715, 795, 873
Forces, differential; Begg philosophy and fundamental principles, 18
distribution in cuspid retraction utilizing coil spring, 924 (Abst.)
light-wire; full light-arch technique utilizing Bull's principles of extraction treatment with emphasis on twenty-eight teeth, 81
Fogarty, Congressman John E., lashes "radical right," 557

G

Glenoid fossa, correlation of cross-sectional area of mandibular condyle to, 782 (Abst.)
Golden Anniversary Group, message from librarian, 385
special appeal concerning A. A. O. museum, 384
Golden Anniversary Luncheon, 1963, 138

Heredity; extraction debate of 1911, 660, 751, 843, 900
of facial types; analysis of dentofacial vertical proportions, 810
Hillenbrand, Harold, presentation of gift from National Academy of Stomatology of Mexico, 617
Hospitals, guide for orthodontic clinics in, 860, 927
Humphrey, William R., honored by Denver Summer Meeting, 940
Hyoid movement patterns during deglutition and phonation in Class II orthodontic patients, 922 (Abst.)
Hypnosis, medical, training in, 462 (Abst.)

I

In memoriam (*See also* Deaths)
Neil Eugene Bills, 216
Hays N. Nance, 460
John Edward Taylor, 63
Benjamin Weiss, 215
Incisors (*See* Teeth)
Insurance, disability income, 73
prepayment plans; A. D. A. Board recommends national agency for dental service corporations, 873
dental, for AFL-CIO affiliated unions, 796
discussed in prepayment newsletter, 557
orthodontic, 474, 476, 487
principles, 389 (Editorial)
specialism in modern world, 569
statement of A.D.A. Council on Dental Health, 556
Inter-American Orthodontic Seminar, 316, 714
International Society for Craniofacial Biology, 238, 396, 477

J

Jackson, Andrew Francis, 299 (Orthodontic profile)
Junior Dental Scientist Awards program, 636

K

Ketcham, Albert H., Memorial Award, 239, 538
presentation to Philip Edwin Adams, 539, 861
response, 542
presentation to Andrew Francis Jackson, 544
response, 545
Keystone triad, 244, 728
King-Anderson Bill shelved by 88th Congress, 930
specialism in modern world, 570
Kraus, Bertram, to give Margolis lecture, 395

L

Lancaster Cleft Palate Clinic, 475, 557
National Institute of Dental Health to establish cleft lip and palate clinical research center, 797
receives N. I. H. grant, 937
Lebanese Orthodontic Association, 398
Lenox Hill Hospital, 157
Letter to editor, 203
Light arch technique utilizing Bull's principles of extraction treatment with emphasis on twenty-eight teeth, 81
round-wire arch, method of using, in edgewise Class II treatment, 99
wire appliances, technique and treatment, 467 (B. rev.)
therapy; Begg philosophy and fundamental principles, 15
Lip position and facial profile, 414, 421
in esthetic profiles, 783 (Abst.)

M

McCoy, James D., 918 (Orthodontic profile)
Malocclusion, bite opening, and bite pressure, effect on electrical response of masseter muscles, 435, 784 (Abst.)
Class I, borderline case, 641
and Class II; extraction debate of 1911, 656, 751, 843, 900
Class II, hyoid movement patterns during deglutition and phonation, 922 (Abst.)
method of using light round-wire arch in edgewise treatment, 99
multiple-unit precision castings in orthodontic treatment, 573
objectives of mixed dentition treatment in orthodontics, 504
treatment and mandibular growth, 148 (Abst.)
Division 1, oriented cinefluorography of swallowing patterns associated with, 145 (Abst.)
production of certain sounds in cases of, oriented cinefluorographic study, 145 (Abst.)
treatment timing and planning, 4
deflective; survival of periodontium during and after orthodontic treatment, 586
facial growth, and significance of oral habits, mouthbreathing and soft tissues for, 867 (Abst.)
Mandible, growth, Class II treatment and, 148 (Abst.)
postnatal, 25
Mandibular condyle, cross-sectional area of, correlation to glenoid fossa, 782 (Abst.)
Margolis lecture to be given by Bertram Kraus, 395
Massachusetts Institute of Technology, training program in oral science, 939
Masseter muscles, effect of bite opening, bite pressure, and malocclusion on electrical response of, 435, 784 (Abst.)
Mastication forces, balanced, 189
some muscles of, in treated cases prior to, during, and after retention, electromyographic study, 629 (Abst.)

Maturation, skeletal, and relationship to growth, longitudinal study in Philadelphia white children, 391 (Abst.)
Menarche, roentgenographic cephalometric appraisal of girls at, 629 (Abst.)
Mershon, John Valentine, memorial lecture: specialism in a modern world, 566
Middle Atlantic Society of Orthodontists, 74, 872, 932
president's address, 241
Midpalatal suture, effects of splitting on surrounding structures, 923 (Abst.)
Midsagittal plane of cranium, method of determining, 788 (Abst.)
Midwestern Society of Orthodontists, 312, 795
president's address, 1
Miller, Benjamin F., III, new assistant secretary of A. D. A. Council on Dental Education, 636
Minnesota Society of Orthodontists, 78, 875
Mistakes, 917
Mixed dentition treatment in orthodontics, objectives, 504
Molars (*See* Teeth)
Motor reflexes of trigeminal nerve, 702 (Abst.)
Mouth protectors guard teeth during anesthesia, 876
Mouthbreathing, oral habits, and soft tissues, facial growth and significance of, for malocclusion, 867 (Abst.)
Muscle(s) balance and facial balance in orthodontics, 209 (Editorial)
masseter, effect of bite opening, bite pressure, and malocclusion on electrical response of, 435
of mastication in treated cases prior to, during, and after retention, electromyographic study, 629 (Abst.)
related to chin function; keystone triad, 249
role of musculature in mixed dentition treatment, 507
Musicians, denture-wearing, new device for, 398

N

Nasopharyngeal and cranial base growth in cleft palate children, roentgenographic cephalometric study, 628 (Abst.)
National Academy of Stomatology of Mexico, gift to Harold Hillenbrand, 617
National Association of Dental Laboratories criticized by A. D. A. officer, 874
National Children's Dental Health Week, 930, 935
National Health Survey, orthodontic examination in, 139 (Editorial)
National Institute of Dental Health to establish cleft lip and palate clinical research center, 797
News and notes, 66, 149, 222, 312, 393, 474, 554, 633, 704, 790, 868, 926
Nomenclature; orthodontics or orthodontia, 528
Northeastern Society of Orthodontists, 75, 394, 712, 794
Nose; effects of nasal obstruction upon skull and position of teeth in rat, 147 (Abst.)
growth, effects on facial profile, 413, 421
Notes of interest, 79, 159, 239, 318, 399, 479, 558, 638, 719, 798, 878, 942

O

Occlusal discrepancies, survival of periodontium during and after orthodontic treatment, 584
guide plane, cephalometric study of some effects of, 781 (Abst.)
plane, determination of reference plane for cant and location of, 784 (Abst.)
Occlusion, normal, relation of sample of fifty boys with, to given standards, 630 (Abst.)
Oculodentodigital dysplasia, 470 (Abst.)
Odontalgia; differential diagnosis of facial pains, 551 (Abst.)
Officers of orthodontic societies, 80, 160, 240, 320, 400, 480, 560, 640, 720, 800, 880, 944
Oliver, Oren A., receives Fauchard Gold Medal, 318
Open-bite and deep-bite; analysis of dentofacial vertical proportions, 802
diagnosis and treatment, 337
Oral habits, mouthbreathing and soft tissues, facial growth, and significance of, for malocclusion, 867 (Abst.)
hygiene; value of precision technique, 116
structures, movement patterns during deglutition, 703 (Abst.)
Oropharyngeal structures, relationships, 780 (Abst.)
Orthodontia or orthodontics, 528
Orthodontic care, demand for, 487
clinics in hospitals, 860, 927
diagnosis, nature of, 490
directory of world, 699
examination in National Health Survey, 139 (Editorial)
fallacies, accepted, 552 (Abst.)
literature; years of change, 525
mistakes, 917
prepayment principles, 389 (Editorial)
problems, soft-tissue covering of skeletal face as related to, 405
profiles; Frank M. Casto, 452
Andrew Francis Jackson, 299
James D. McCoy, 918
Alfred Paul Rogers, 379
J. Lowe Young, 205
public image, 212 (Editorial)
theories and methods; fact and fiction, 217 (Abst.)
therapy, proportional profile changes concurrent with, 421
treatment during mixed dentition, objectives, 504
multiple-unit precision castings, 573

Orthodontic treatment—Cont'd
root resorption during, quantitative determination, 143 (Abst.)
survival of periodontium during and after, 584
Orthodontics, courses sponsored by universities, 79, 158, 239, 318, 399, 479, 718, 878, 942
fact and fiction, 217 (Abst.)
facial balance and muscle balance in, 209 (Editorial)
handbook of, 64 (B. rev.)
history; years of change, 521
in search of common denominator for diagnosis and treatment, 125
principles, policies, educational requirements, and organizational structure (A. A. O. brochure), 593
Orthodontists, how can we educate more? 293
number and distribution; specialism in modern world, 568
urged to participate in orthodontic meetings; president's page, 61

P

Pacific Coast Society of Orthodontists, 78, 153, 312, 395, 476, 872
president's address, 401
Pains, facial, differential diagnosis, 550 (Abst.)
Palatal vault height and various arch measurements, correlations between, 631 (Abst.)
Palate (*See also* Cleft Palate)
secondary, relation of some growth factors to closure of, 142 (Abst.)
Periodontal membrane; responses of rat maxillary incisors to loads, 780 (Abst.)
Periodontium, survival during and after orthodontic treatment, 584
Pharyngeal stimulation, effect on respiratory regulation, 701 (Abst.)
Philadelphia Center for Research in Child Growth, abstracts of research data, 391, 627
Photography, color, new chart to aid in selection of filters, 940
Point A, critical evaluation and proposal of more significant landmark, 783 (Abst.)
B as part of keystone triad, 244, 728
Porter, Lourie J., receives Distinguished Service Scroll, 698
Practice Administration Committee, 475, 928
Precision technique, value of, 113
Premolars (*See* Teeth)
Prepayment plans (*See* Insurance)
President's address, American Association of Orthodontists, 321
Great Lakes Society of Orthodontists, 483
Middle Atlantic Society of Orthodontists, 241
Midwestern Society of Orthodontists, 1
Pacific Coast Society of Orthodontists, 401
Southern Society of Orthodontists, 721
President's address—Cont'd
Southwestern Society of Orthodontists, 563
page, 61, 137, 208, 305, 383, 454, 695
Pressoreceptive sensitivity of human teeth, 144 (Abst.)
Principles of Ethics, American Association of Orthodontists, Section 23, 305
Professional relations; years of change, 526
Profile(s) (*See also* Orthodontic profiles)
and bite, relationship of facial type to, 787 (Abst.)
bony and soft-tissue, correlation of linear horizontal and vertical changes in, in Class II, Division 1 cases coincident with treatment by extraction and nonextraction techniques, 146 (Abst.)
changes, proportional, concurrent with orthodontic therapy, 421
esthetic, lip position in, 783 (Abst.)
facial; soft-tissue covering of skeletal face as related to orthodontic problems, 405
Public image, orthodontic, 212 (Editorial)

R

Radiography, medical and industrial, reduction of dose, 220 (Abst.)
Remodeling; postnatal growth of human mandible, 28
Respiratory regulation, effect of pharyngeal stimulation, 701 (Abst.)
Retention aid for denture-wearing musicians, 398
electromyographic study of some muscles of mastication in treated cases prior to, during, and after, 629 (Abst.)
Retraction, cuspid, utilizing coil spring, distribution of force, 924 (Abst.)
stability of upper incisors following, 852
Rocky Mountain Society of Orthodontists, 76, 873, 933
Rogers, Alfred Paul, 379 (Orthodontic profile)
Root resorption during orthodontic treatment, quantitative determination, 143 (Abst.)
Rubella, maternal, dental development in children following, 462 (Abst.)

S

St. Louis Society of Orthodontists, 158
Sandell, Perry J., elected president of American School Health Association, 936
Schour, Isaac, memorial fund, 717
Shepard, Earl E., honored by Washington University, 398
receives Boys' Town of Missouri plaque, 153
Skeletal face, soft tissue covering as related to orthodontic problems, 405
maturation and relationship to growth, longitudinal study in Philadelphia children, 391 (Abst.)

Skeleton, facial, in children from 7 to 11 years of age, 468 (Abst.)
Skull and position of teeth, effects of nasal obstruction upon, in rat, 147 (Abst.)
balance, 189
Southern Society of Orthodontists, 76, 935
president's address, 721
Southwestern Society of Orthodontists, 236
presentation of 1964 Martin Dewey Memorial Award, 933
president's address, 563
Spanish Society of Orthodontics, 317, 936
Specialism in modern world, 566
Specialization; A. A. O. brochure, 593
boon or bugaboo? 865 (Editorial)
walls, 456 (Editorial)
Speech, hyoid movement patterns during deglutition and phonation in Class II orthodontic patients, 922 (Abst.)
oriented cinefluorographic study of production of certain sounds in cases of Class II, Division 1 malocclusion, 145 (Abst.)
physiology research, 472 (Abst.)
S. S. Hope, 935
Suriano, Lt. Col. Raffaele, promoted by Army, 877
Swallowing and phonation in Class II orthodontic patients, hyoid movement patterns during, 922 (Abst.)
movement patterns of oral structures during, 703 (Abst.)
"normal," frequency in man, 787 (Abst.)
patterns associated with Class II, Division 1 malocclusions, oriented cinefluorography of, 145 (Abst.)

T

Teeth (*See also* Extraction)
and lips, influence of movements on facial profile, 421
axial placement in relation to skull structure, 193
cuspids, impacted maxillary, chaining of, 769
mandibular, evaluation of position, 144 (Abst.)
retraction, effects upon anchorage, 146 (Abst.)
utilizing coil spring, distribution of force, 924 (Abst.)
development in children following maternal rubella, 462 (Abst.)
growth changes of dentition defined in terms of chronologic and biologic age, 789 (Abst.)
height of lower molar and lower incisor and lower face height as related to total face height in normal occlusion, malocclusion, and orthodontically treated occlusion, 924 (Abst.)
human, pressoreceptive sensitivity, 144 (Abst.)
incisor, lower, as part of keystone triad, 244, 728
Teeth—Cont'd
upper, in rat, responses to loads, 780 (Abst.)
stability following retraction, 852
molars, deciduous, submerging, 470 (Abst.)
first mandibular, change in position as index of anchorage stability, 781 (Abst.)
mandibular, cephalometric appraisal of movement, 142 (Abst.)
third; association between agenesis, spacing and crowding, and tooth size in caries-resistant naval recruits, 445
movement, collagen formation during, in hamster periodontium, 779 (Abst.)
distal; extraction debate of 1911, 903
occlusal contact patterns in relation to electromyographic activity during function, 701 (Abst.)
partially erupted, modified arrowhead clasp for, 51
position of, effects of nasal obstruction upon skull and, in rat, 147 (Abst.)
posterior, mesial shifting, 922 (Abst.)
Temporomandibular articulation and orthodontics, 387 (Editorial)
Thumb-sucking in breast- and bottle-fed children, 465 (Abst.)
open-bite, 339
Tooth (*See* Teeth)
Treatment (*See also* Orthodontic treatment)
Class II, and mandibular growth, 148 (Abst.)
edgewise Class II, method of using light round-wire arch in, 99
orthodontics in search of common denominator for diagnosis and, 125
timing and planning in Class II, Division 1 malocclusions, 4
Trigeminal nerve, motor reflexes, 702 (Abst.)
Tweed, Charles H., Foundation for Orthodontic Research, 635, 714, 798, 878

U

University of Michigan, 78
forty years of graduate orthodontics, 377
receives federal grant, 938
University of Missouri at Kansas City, 797, 878
University of Pacific, College of Physicians and Surgeons, acquires Atkinson skull collection, 140, 156, 938
dental school to have new building, 938
honors Spencer R. Atkinson, 558, 718
University of Pennsylvania, 877
graduate fellowships in cleft palate therapy and rehabilitation, 939
new dental clinic, 317

V

Vertical growth of human face, 359
proportions, dentofacial, analysis of, 801

W

Walls, 456 (Editorial)
  criticism of, 458
Washington University alumni group, 398
  honors Earl E. Shepard, 398
Waugh, Leuman M., honored by Orthodontic Alumni Society of Columbia University, 692
West, Frederick T., reappointed to San Francisco Health Advisory Board, 317
Wire, Australian, elastic properties, effects of residual stress, thermal stress-relief, and electrolytic polishing, 785 (Abst.)
Workshop on continuing education, 155
  on dental hygiene education and licensure, 936

X

X-rays; reduction of dose in medical and industrial radiography, 220 (Abst.)

Y

Years of change, 521
Yost, Howard, appointed to health board, 877
Young, J. Lowe, 205 (Orthodontic profile)

Z

Zinc phosphate cement, effect on enamel solubility, 786 (Abst.)
